 中天生物科技股份有限公司	Sustainable Development Best Practice Principles	Doc. No.	ZE0022
		Page	1
		Effective date	2026/03/05
		Version	E

Article 1 In order to fulfill its sustainable development initiatives and to promote economic, environmental and social advancement for purposes of sustainable development, these Principles are adopted in accordance with the “Sustainable Development Best Practice Principles for TWSE/GTSM Listed Companies”.

Article 2 These Principles apply to the Company, including the entire operations of itself and its business group.

The Company shall actively fulfill their sustainable development in the course of their business operations so as to follow international development trends and to contribute to the economic development of the country, to improve the quality of life of employees, the community and society by acting as responsible corporate citizens, and to enhance competitive edges built on sustainable development.

Article 3 In fulfilling sustainable development initiatives, the Company shall, in its corporate management guidelines and business operations, give due consideration to the rights and interests of stakeholders and, while pursuing sustainable operations and profits, also give due consideration to the environment, society and corporate governance.

It is advisable for the Company to, in accordance with the materiality principle, conduct risk assessments of environmental, social and corporate governance issues pertaining to company operations and establish the relevant risk management policy or strategy.

Article 4 To implement sustainable development initiatives, it is advisable for the Company to follow the principles below:

1. Exercise corporate governance.
2. Foster a sustainable environment.
3. Preserve public welfare.
4. Enhance disclosure of sustainable development information.

Article 5 The Company shall take into consideration the correlation between the development of domestic and international sustainable development principles and corporate core business operations, and the effect of the operation of individual companies and of their respective business groups as a whole on stakeholders, in establishing their policies, systems or relevant management guidelines, and concrete promotion plans for sustainable development programs, which shall be approved by the Board of Directors.

When a shareholder proposes a motion involving sustainable development, the Company's Board of Directors is advised to review and consider including it in the shareholders meeting agenda.

Article 6 It is advisable for the Company to follow the Corporate Governance Best Practice Principles for TWSE/TPEX Listed Companies, the Ethical Corporate Management Best Practice Principles for TWSE/GTSM Listed Companies, and the Guidelines for the Adoption of Codes of Ethical Conduct for TWSE/GTSM Listed Companies to establish effective corporate governance frameworks and relevant ethical standards so as to enhance corporate governance.

Article 7 The Company's directors shall exercise the due care of good administrators to urge the company to perform its sustainable development initiatives, examine the results of the implementation thereof from time to time and continually make adjustments so as to ensure the thorough implementation of its sustainable development policies.

Article 8 It is advisable for the Company to, on a regular basis, organize education and training on the implementation of sustainable development initiatives.

Article 9 It is advisable for the Company to create a governance structure for promotion of sustainable development, and establish an exclusively (or concurrently) dedicated unit to be in charge of proposing and enforcing the sustainable development policies, systems, or relevant management guidelines, and concrete promotional plans and to report on the same to the board of directors on a periodic basis. It is advisable for the Company to adopt reasonable remuneration policies, to ensure that remuneration arrangements support the strategic aims of the organization, and align with the interests of stakeholders.

It is advisable for the employee performance evaluation system to be combined with sustainable development policies, and that a clear and effective incentive and discipline system be established.

Article 10 The Company shall, based on respect for the rights and interests of stakeholders, identify stakeholders of the company, and establish a designated section for stakeholders on the company website; understand the reasonable expectations and demands of stakeholders through proper communication with them, and adequately respond to the important sustainable development issues which they are concerned about.
